More information about lessons -

*PLEASE NOTE: We start each rider in private lessons. If the student wishes to be part of a **group**, they may be transitioned to a group lesson when (1) the instructor determines that the student has sufficient skills to join a small group, (2) the student can independently (or with help of a parent) correctly tack and untack the horse and (3) there is availability in an appropriate group. Please contact us if you have any questions regarding group lessons. Group lessons range in size from 2 - 4 students of similar skills; mounted instruction (riding time) is on average 45 min. - 1hr per lesson.

If you would like to ride as a **couple** (including spouses, dates, parent/child, siblings), please see our [Couple Riding](#) page for more information. Similar to an hour private lesson, but for two! You will have two horses (ride together at same time) and an instructor for an hour. There will be a brief introductory time where you will assist the trainer in grooming/tacking your mount - a great time to get to know your horse, ask questions and review safety procedures. Your riding experience is geared to your riding experience level and will start in an arena - the instructor will teach/review basics of riding position and control and let you practice in the arena; at the discretion of the instructor, the ride may end with an opportunity to explore various parts of the 30 beautiful acres at Shady Creek on horseback. Bring your camera to commemorate your time together and we'll be glad to help take some pics! If you are planning to come for a special occasion (anniversary, birthday, etc.) please let us know in advance of your ride!

Scheduling your ride:

Please use the online scheduling program and select your service type. So that we can be best prepared for your ride, if you are a new rider at SCF, please provide information about who is coming to ride and brief explanation of any riding experience you may have. Please note that for the well-being of our horses, some weight limits will apply - please inquire if you have questions.

Before your ride:

Please download and bring a signed [Riding-Instruction-Agreement-and-Liability-Release](#) form to your ride or you will need to complete one upon arrival. Pre-payment via PayPal is preferred, or payment is also accepted at time of service. (Please see [Policies](#) page for any questions about accepted payment methods.)

Plan to wear long pants, boots or hard-soled, heeled shoes (sneakers can be ok; sandals or crocs, etc. not permitted), gloves (with some "grip") are recommended (esp. in cooler weather) and you may wish to bring a drink. Wear layers in cooler weather - you will warm up as you ride. Riders will be provided a helmet for their ride.

Restroom is available on-site in heated office/lounge.

Thank you,
Management
